Many of our friends in Brunswick are anxious to get our old friend, Sam'l P. Swain, to again run for the clerkship of the supreme court. When he held the office before he made a very excellent, one and we shall be very glad to hear that our Republican friends could give him a unanimous support for the position.

Hon. E. W. Mackey of South Carolina, was selected on Tuesday last, in place of Dibble, who was in congress by fraud, bulldozing and rascality. Mr. Bisbee of Florida, was selected on Tuesday in place of Finly. And now we hope the house will go on and put all the others who are there by the same means as Dibble and Finly, out and give the seats to them who were legally elected.

BRUNSWICK COUNTY.

We congratulate our Brunswick Republicans on the harmony existing in their ranks. Mr. R. M. Wescott has withdrawn from the race for sheriff, notwithstanding he had many strong friends supporting him. He and friends will give sheriff Taylor an honest support for reelection. We hope Republicans in other counties will follow the noble example of Brunswick, and all work for harmony and success.

MAJ CHARLES M. STEDMAN.

Many of the Democratic papers are recommending and advocating the name of Maj. Charles M. Stedman for congressman at large. This shows their good judgment, if we must have a Democratic state representative, an all which we pray God to deliver us from, we would prefer Maj. Stedman to any other man in the state. As a business man he has no superior, being President of the largest banking house in the state, which does a larger business than any other establisment of the kind in North Carolina, and at the end of each year declares very handsome dividends. He is at the same time the senior member of the law firm of Stedman & Lattimer, which does a greater amount of legal business than any firm of lawyers in the state, besides a very large amount of private business of his own. The accomplishment of this vast amount of work shows that he is a man of brains. Such a man we would be fully fortunate in having in congress.—We need more working men there, and less of the hot house plants; or as many are pleased to call themselves "the old families." "Blood" is very fine, but unfortunately most of the first blood of this state has been adulterated with whisker.

Bertie County Convention.

Pursuant to a call of the Republican Executive committee of Bertie county, the Republicans met at the court house on the 29th inst., for the purpose of selecting delegates to the state, congressional, judicial and senatorial conventions

The convention was called to order by C. F. Lyon, Esq., chairman of the county ex-committee, who in a brief manner explained the object of the call. After a committee on credentials had been appointed and reported, Hon. Aug. Robbins was made chairman, and H. J. Godwin, secretary.

The delegates from the various townships retired and reported the following action:

Delegates to the state convention.—G A Mebane and F C Miller. Alternates—H J Godwin and T B Speller.

To judicial convention—W M Sanderlin and C F Lyon. Alternates—H W Lyon and C C Pugh.

To congressional—Reuben Speller and Jos Green, Alternates—L D Holley and Henry Parker.

To senatorial—A J Johnston and Aug Robbins. Alternates—S S Hoggard and J W Green.

The county executive committee—W T King, George Askew, G W Hardy, H C Holley, J H Clark, D W Holley, Wright Cherry, Alfred Franks and Reuben Speller.

A. ROBBINS, Chairman.
H. J. GODWIN, Secretary.

WARSAW, May 30th, 1882.

EDITOR POST:—Thinking that you would like to hear the news from Duplin court, I write to say that everything passed off quietly; there were no cases of much importance to come up before the court this term. It seems the business was all easily finished up and court adjourned to meet at Clinton, North Carolina, on Monday 27th instant, where that big suit is to come up, wherein Mr. B. C. Barden sued Duplin county for cruel treatment while incarcerated in Duplin jail several years ago. This suit has already cost the county of Duplin about $1,000 in the way of costs, and which will win the suit, Mr. Barden or the county of Duplin, remains to be seen. Both sides are ably represented by council and a host of witnesses, but the Duplin county side seem to dread Mr. J. L. Stewart, who is counsel for Mr. Barden, and is known to be an able and never-tiring lawyer. If Mr. Barden does win, it will add three or five thousand dollars to the one thousand dollars of cost. So you see that Duplin is about to sustain another heavy loss of the people's money, which might have been saved by proper management and good government.

Politics are begining to buble in this county again, and one can see now that the bone of contention is the sheriff's office. It seems that every township has one or more candidates for sheriff, but this number will boil down to very few after the county conventions are held. If the Democrats succeed in holding a convention, which is now considered doubtful, as the Democrats of Duplin are badly divided on county politics.

Colonel A. M. Waddell was at Duplin court, and I have heard several person say that he was the most polite man on the ground. No doubt the Colonel is trying to get ready to put on the war paint against the campaign that leads to congress. He was seen to hold a caucus with a group of leading Democrats, and they treated him with politeness—how could they do otherwise, as one gentleman was heard to remark that the Colonel was as polite as a gander in laying time. The truth of the matter is, the Democracy of Duplin are against Col. Waddell for Mr. Shackelford, of this the Colonel may be well assured; but it is not believed here that either one of them will get the nomination.

The Republicans and liberals, of which there are getting to be a good many in Duplin, are solid for Mr. W. P. Canaday for Congress. The stand Mr. Canaday has taken, and the noble defense he is making for the people's rights, a free ballot and fair count, is gaining for him golden opinions among the honest, hard-working men of the county, and will finally cause his voice to be heard in the halls of congress.

Respectfully yours,
FIRST INDEPENDENT OF DUPLIN.

For the POST.

From Cumberland County.

FAYETTEVILLE, N. C.,
May 26th, 1882.

Pursuant to a call, the Republicans of Cross Creek township held a township meeting at town hall, Fayetteville, N. MEMORIAL DAY IN WILMINGTON.

The 30th day of May, National Memorial Day, was kept as a holiday to a greater extent in this city than ever before. The business men seem to think they should keep the 10th, Confederate Memorial Day, and honor the Confederate dead, but on the day set apart to do honor to the brave men who died for the American Union, they believe in treating with the greatest contempt.—The masses or laboring classes are in favor of the Union, and believe in keeping this day holy, and to attend services at the cemetery. We well remember the time when not ten white men attended the services at the cemetery on the 30th, but now hundreds do themselves the honor to be present. And we believe the time is not far distant when the most of our business men will see the good sense of acting with the proper judgment, and to show it by doing honor to the Union, the flag and to the brave men who died in defense of the same.

The Custom House and Postoffice were closed on the day, and the flags on the Custom House, the Postoffice, Mr. Joseph H. Neff's store, and over several of the consulates offices were at half mast, and on account of the number of laborers who had stopped work it looked very much like a holiday on our streets. The Revenue Cutter Colfax, Lieut Rhodes commanding, moved up in front of Market Dock at 4.30 p. m., and fired a salute of 38 guns. A military company from Fayetteville and a company from this city marched out to the cemetery, headed by a band of music, with a very large number of citizens who believed in a procession. After the services the military fired a salute.

The cemetery was very handsomely decorated with flags, under the management of the committee, Messrs. E. R. Brink, Harry Foster and the Superintendent Mr Taylor. All of these gentlemen did their full duty, and deserve much credit, but we desire to speak especially of Mr. R. C. Taylor, Superintendent of the cemetery. He certainly undestands his business; every thing about the place is kept in splendid condition, the grass, the flowers, the shrubbery, and in fact the whole place shows that it is in charge of one who understands his business and performs it thoroughly.

At 4:30 o'clock p. m., the Master of Ceremonies, Col. George L. Mabson, with the orator of the day, Hon. Geo. B. Everett, and Rev. Mr. Thomas of St. Stephens' church, walked up on the stand, and the P. and S. A. Club sung the following:

COMRADES, WE COME ONCE MORE.

Comrades, we come to you once more,
With only an offring of flowers,
The fondest of mem'ries still are held
Engraved in these hearts of ours.
Brothers, we come with the sweetest of flowers,
Bedewed with the tears of many sad hours,
Fought thou and died thy country to save,
Earth has no power beyond the grave.

CHORUS—Comrades, we come to you once more,
With only an offring of flowers,
The fondest of mem'ries still are held
Engraved in these hearts of ours.

Now as we stand beside your grave,
Our tho'ts turn to days that are past;
So noble and brave you did defend
Our dear country to the last,
Out from your homes the Nation's pride,
You fought for the right, you bled and died,
The Nation now mourns its soldiers brave,
With Flowers we now bedeck your grave.

CHORUS—Comrades, we come, &c.

Prayer by the Rev. Mr. Thomas.

Oh! Thou who art glorious in Holiness, fearful in praise doing wonders, among the nations, controling the destinies of all the inhabitants of Heaven and Earth. "In whom we live move and have our being." We are here assembled on this memorial occasion, made sacred by the heroic dead who sleep in the arms of Him who giveth the victory. Oh! God, we thank Thee that the war trumpet is not calling the inhabitants of this great and glorious Republic to battle—one section of it against the other; brother against brother, whose common interest is bound up in the Magna Charta made superlative by the signature of Adams, Jefferson, Hooper, Franklin and others, whose names are dear to us all as Americans. And while we submit to the events of the late domestic war, and we submit believing that God's will has been done, for which we had prayed in order that our prayers should have been in accordance with Thy will and word. May all ill will, hard feelings, anger, and hatered which are the sequence of war, fade and die away as speedily as practicable. Now, Lord, we thank Thee for peace, and may the God of peace make the partial peace we enjoy perfect.

Now, Oh! Lord, bless this our country and nation as it is and as it will be hereafter. Let Thy blessing rest on every department of the government, from the President to the most inconsiderate officer. Bless our nation in her diplomatic relations with the nations of earth. Bless her in her commercial intercourse, may the Stars and Stripes continue to be honored and respected by all nations. Bless our institutions of learning and benevolence. Bless our manufacturing, mechanical, and agricultural interests. Bless oh! Lord, the common laborer, may labor and capital be reconciled, so that the laborer receive his just reward and the capitalist profit and pleasure thereby. And in a more particular manner bless the institution of the Gospel, the church of the living God and His Christ. And with us bless the nations of this terrestrial globe, and save us through Him who hath loved us. Amen.

Col. Mabson then introduced the orator of the day, Hon. Geo. B. Everett. We will publish his address next week.

After the oration, the choir sung

REST, SOLDIER, REST.

Rest, Soldier, rest, thy labor is done,
The battle is fought and the victory won,
Fought thou for freedom, fought thou for right,
Rest, Soldier, rest, in heaven so bright.
Call it not death, for he sleepth,
His soul holds communion with God.
Peace be to thee, thy mem'ry is blest:
Died thou for freedom, then rest, soldiers, rest,

Bravely he fought his country to save,
And now he has fallen, forget not the brave,
Dear was the comrade that stood by our side;
Rest, Soldiers, Rest, for freedom you died.
Nations will mourn thee forever:
The stars and stripes o'er thee wave,
Poor fallen brave, with honor is blest,
Died thou for freedom, then rest soldier, rest.

Peace be to him that sleeps in his grave,
Who left home and dear friends his country to save,
Long may the flag float o'er freedom's sod—
Rest, Soldier, Rest, in peace with thy God.
No more the bugle will call him—
He's passed through the shalow of death.
Rest, soldier, rest, thy labor is done—
Freedom forever, thy victory is won

CITY ITEMS.

The city clock needs overhauling.

Several fine rains have visited this city and section recently.

Interments during the week.—Oakdale 3; Bellevue 0; Catholic Cemetery 1; Pine Forest, 2.

We call attention to the bank statement of the First National Bank, which appears in this issue.

Go see D. A. Smith & Co., if you need any furniture; they have got any and everything in that line.

Messrs. Crapon & Picket are getting quite a rush of trade, and we are glad to see it. They are deservedly popular, and they advertise.

The following marriage licenses were issued during the past week:—Daniel Ritter to Catharine Mitchell; Henry Mumford to Lizzie Howard.

DEATHS.—Mrs E C Worrell, 20 years, typhoid fever; child of W J Penny, still-born; Mary C Henning, 10 years; scarlet fever, brought from Richmond; Frank Henry, 46 years, brights disease; Fred Guest, 1 month, diarrhœa; Thos Monk, 60 years, dysentery.

The Kindergarten exercises at Miss Bradley's school, Friday afternoon, were beautifully interesting. The children were skilfully trained, attractively attired, and the enertainment was simply excellent. The exercises were attended by about 350 persons. Surely Miss Bradley deserves great credit.

MR. C. P. LOCKEY.—We are reliably informed that the young gentleman has been discharged by his late employer for attending the national memorial services on the 30th day of May. This same establishment was closed up on confederate memorial day, or during the time the services were going on. This action is surprising to all, and should be censured by every man in the community who believes in honoring the brave men who were killed in the late war, on both sides.

DEEDS, MORTGAGES, &c.—The following deeds, mortgage, &c., were probated during the past week by the Probate Judge:

Deeds—G W Rogers and wife to W L Rogers; Robt S Townsend and wife S F E Hinton; John Craig and wife to D S Benson; C J Kvale to Edward W Morse; T D Love to O M Fillyaw; Robt E M Cumber and wife to E G Barker; Jacob Johnson to H Turner; J H Ellis to S H Martin; F H Darby, President, et. al. to V J Johnson; E P Covington and wife to C C Covington.

Mortgages—W L Rogers and wife to G W Rogers; A Love, Thomas Hill, Wm Cutler, Wm Turley, L P Porter, each, to A D Worrell; M Schloss to Brunswick B Co; E Blewis to D L Gore; King McKoy and wife, each to M O'Brien.

Col. W. P. Craighill was in city the past week.

Beef is scarce and will up in price. Moral—chickens roost high!

Quite a revival of religion has been in progress the past week at Burgaw, Pender county.

We have been informed that ex-sheriff Paddison got the contract to build the court house at Burgaw, Pender county.

Flour 6 cents per pound, pork 12½, all necessary articles of laboring men's pantry way up. Moral—Capital remember labor.

Six adult and twenty-four children were confirmed as christians at St. Thomas' Catholic Church last Sunday, by Rt. Rev. Bishop Northrop.

Hon. George B. Everett was entertained, while in this city, by Col. F. W. Foster at his residence on 6th, between Princess and Chesnut streets.

Mr. Martin Davis, an employee at the cotton factory, had his left hand severally mashed in the machinery last Tuesday. Dr. Bellamy dressed the wound.

The case of the State vs. Herbert Thompson for the shooting of Richard Gause on Sunday, April 2nd, 1882, created considerable feeling at the Court House Wednesday.

The old residence of Mr. John C. Peyer is being removed on rollers from Fourth and Red Cross to Red Cross between 6 and 7th streets. It is interesting to see how the work is done.

Col. W. P. Craighill, Mr. Bacon and Mr. VanBokkelen, President of our Chamber of Commerce, made an inspection of our bar and river works last Wednesday. They returned satisfied with matters and things generally.

Mr. J. L. Wescott, one of the leading citizens of Smithville, and one of the wealthiest men in the county of Brunswick, was in the city a few days ago. We were pleased to meet him and find that he was enjoying splendid health and spirits.

Excursions seem to be the order of the day. A large excursion came up on Friday from Smithville. The laboring poor need recreation, and in the name of justice we say, pay them enough that they may see the world and profit thereby.

Hotel Brunswick, at Smithville, N. C., Benj. L. Perry, proprietor, was opened for the reception of guests on the first of June. We learn that Mr. Perry has a very large number of boarders already engaged, and in a few weeks will have a still larger number. He is extending his room to, as far as possible, accommodate all.

Mr. Thomas Monks, a very estimable citizen, who lived near this city, died Sunday afternoon. He was a most industrious and enterprising farmer, an Irishman by birth, a Catholic in faith. He was about 60 year old and had resided in this country about about 28 years. Many hearts bow in sadness for his death, and wish his soul blissful repose.

A handsome steamer named the "Silver Star," Capt. N. E. Coste, from New York bound for Charleston, S. C., steamed up to our wharves on Tuesday afternoon last, having to put in for coal and supplies. "She was as beautiful as a butterfly," and we really wish we had such a steamer to ply on our river from here to Smithville. She goes to Charleston as an excursion boat.

The Howard Light Infantry, with their brass band, visited our city last week, for the purpose of joining in the celebration of the National Memorial Day. They made a very handsome display, and seemed to be well drilled. The Howard Light Infantry and our own colored company formed a battalion in the procession, and were commanded by Maj. Fred. Hill, of the 5th Regiment North Carolina State Guards.

Mr. Archie Black, quite an old gentleman, a former resident of Fayetteville and a ship carpenter by trade, was fearfully injured last Monday, at Wilcox's saw mill, in the southern portion of this city, by a large block of wood weighing about 200 pounds being thrown upon his head from a window of the mill a distance of some fifteen feet. The old gentleman lingered until 2 o'clock p. m., Wednesday, when the angel of death relieved him of his suffering. He leaves a wife and children very poor circumstances, and we think it is but Wilmington should to do something for their relief. We hope they will.

Mr. Asbury Simmons, of Brunswick county, brought in this week and sold to Mr. Geo. Harper some of the largest and finest yam potatoes we ever saw in all our large agricultural experience. G. M's "dog pole generally takes the "Simmons," but such "taters"—well, you just ought to see them! Some weighed from 4 to 5 lbs a piece.

As we foreshadowed in our last issue, there has already been much stir about the matter of juries for our criminal court during the past week. We said then, and we again report, that something needs correcting. Just think of the actual necessity of summoning in this, one of the largest and most populous counties in the state, all our city Magistrates and even our Chief Magistrate, his Honor, the Mayor to serve upon juries! Some screw loose some where!

CAMP MEETING NOTES.—The down-river camp meeting wound up its labors on Monday. Its general results we hear were prosperous, and considering the rush and bustle of the large numbers overcrowding the steamers and flats and the usual excitement attending camp meeting, it is a wonder there were not more accidents. We hear of but three cases of falling overboard, which were immediately rescued, and one somewhat serious where a woman received quite severe injury to her spine by having been jumped upon, while lying on the ground, by another female who was under the excitement or influence of conviction.

Russell and Ricaud and Mr. DuBruts Cutlar assisted the Solicitor in the prosecution, and Messrs. Stedman and Lattimer, and Junius Davis appeared for the defense. It is said that Judge Russell though known to be a master in his profession, made a most supreme effort in his prosecution, and though his style generally is not of the pathetic order, that he really melted his hearers to tears. This case has aroused the moral sensibilities of our community to an almost alarming pitch, and we are glad it is over and disposed of. We hear that the young men of the city propose to present Judge Russell and his associate, Mr. DuBruts Cutlar, with gold-headed canes, or some other fitting testimonials for their skill and zeal in the matter.

THE WILMINGTON POST.

W. P. CANADAY, Proprietor.

WILMINGTON, N. C.

SUNDAY MORNING, JUNE 4, 1882.

Important to Subscribers

We will not carry dead heads on our list. Send in your subscription or your paper will fail to reach you.

The Republicans of the Third District will meet at Elizabethtown on Thursday next, to nominate a candidate for congress.

Postmaster Nichols, and lady, of Raleigh was in the city a few days the past week, stopping at the Purcell House. He was here in attendance on the Grand Lodge of Masons.

One C. R. Jones, a dirty liar, a contemptible paltroon, and a mean, pusillanimous, sneaking coward, disgraced this city by a visit the past week; but Charlott's gain was our misfortune.

We hope Dick Paddison will hurry up his Clinton railroad so our friends in Sampson can get to the market without traveling so far through the sand with wagons. The road ought to be constructed easily by the first of September.

The Republicans in congress spent one whole week trying to bring the Democratic members to terms, but they failed until such men as congressman Reed of Maine, come forward, and then it was a matter of a very few hours; the work was accomplished and done well at that, and now all is working smoothly again. The fact is the Republican's have too much ability on their side for the other. The Democrats believe all that is necessary is bulldozing, shot guns, and ballot box stuffing, while the Republicans have an eye to get all the brains in congress that is possible.

REPUBLICAN COUNTY CONVENTION.

The lateness of the hour that the Republican convention of New Hanover adjourned on last Saturday, the 27th of May, prevented us from making any editorial notice of the splendid work accomplished. The covention had a very large amount of work to do, but it managed to perform it within three and a half working hours, the shortest Republican convention ever held in the county. And that is not all, the work was done in perfect order and with the very best spirit and harmony.

THE TICKET

Gen. Stephen H. Manning has been sheriff for eight years, and has made the very best executive officer the county has had since the war, and in fact all the business men demanded his renomination. He had no opposition in the convention and will hardly have any at the election.

Stacy VanAmringe has made for four years, a very excellent clerk; he has pleased the bar and the people generally. He certainly has made the best and most acceptable clerk of the court and judge of probate that our county has had since 1868. He was also very justly unanimously nominated, and will be unanimously re-elected.

Joseph E. Sampson, the register of deeds was also unanimously nominated, he is popular with his party; they find but one fault with him: he allows the Democratic county commissioners to run over him, and kick him around as they please. This very conservative way he has is very galling to the masses, and while they submit to it this time, and will probably give him a unanimous re-election, we warn him that if his cours is continued as it has been in the past, his official days are numbered. We like independents, and the people do not want their servants to bow and submit to all kind of insults, and they will not endorse such.

Owen Burney, one of the leading colored men of this county, whose character is as good as any man's in the county, morally and as a business man, was nominated for county treasurer. He succeeds Mr. Elijah Hewlett, a man who has been county treasurer for eight years to the perfect satisfaction of all those who have had business connection with him, and whose Republicanism is unquestioned. All admitted that Mr. Hewlett had made a splendid officer, and the only reason of his defeat was that another man, whom all admitted would make equally as good, wanted the place, and he happened to have more friends in the convention than Mr. Hewlett had. The nomination was made unanimous, and it is not likely that he will have any real opposition.

Mr. Ed D. Hewlett, who has been coroner for fourteen years. So long in fact that he is better known as Coroner Hewlett than as Edward Hewlett, and many of the young folks believe that his real name is Coroner instead of Edward, was unanimously nominated for another term. Mr. Hellett has made a splendid officer, as all can see by the length of time he has held the place, and the convention did well by continuing him.

Messrs. E. E. Green and W. H. Waddell, who were nominated for the house of representatives are very excellent gentlemen, both young colored men and natives of the old county. Mr. Waddell has represented the county two terms before. Mr. Green has served his people as a school teacher. He is a fine scholar, and will make a very excellent legislator.

The above with the appointment of the delegates to the state convention, congressional district convention, the judicial district convention, and to the senatorial district convention, was all performed within a very short time, and as above stated, in the best harmony. Those who were defeated took it in the right spirit and will make the fight over again in 1884.

INDEPENDENTS.

We are a very great admirer of true "grit," and we take this occasion to say we believe that Geo. A. Latham, editor and proprietor of the *Newbernian* has as much honest "grit" as any man in North Carolina. He is publishing a Democratic paper in the city of New Berne, and it is well known to him that the leaders of his party are in favor of proscription, and in fact, on nearly every issue before the people to day he differs with the leaders of his party, and he has the manly courage, as well as the ability to express his opinions openly and boldly in the editorial columns of his paper. We have had the pleasure many times lately of congratulating him on his exceeding liberal and equitable policy. We want all of our subscribers to read his splendid editorial that we publish in full, on our editorial page, headed "Colonel Wm. Johnson and his Traducers."

THE THIRD DISTRICT.

All of the counties in this, the third district, have indorsed the alliance between the Republicans and the anti-bourbons or liberal Democrats, and from the present outlook three-fourths of the state convention will be that way inclined. All those who really desire the defeat of the bourbon Democracy in the state, and who want honest government will support the combination. As we have said there are many who profess Republicanism, but who are at heart Democrats, and they desire the Democratic bourbons successful. Those are others who are Republicans, but at the same time, like Judas Iscariot, for gold they will sell their party. These parties also oppose the alliance, but there is a very good number of those who are fighting the alliance, who are perfectly honest, but are being deceived by the cry of those more cunning than themselves, to "stand by the old guard," &c., &c.

The masses want principle, and not a name. There is a paper published in St. Louis, called the *Republican*, but it is well known to be a Democratic organ. There are men in North Carolina to day who are sailing under Republican colors, who have Democratic hearts in their bosoms. Now, the people desire men who advocate, and after elected, will carry out the following principles: 1st. Equal rights before the law for all men, regardless of color or financial condition, in the courts, at the ballot box and in the official patronage. 2nd. Anti-monopoly. They are opposed to "rings" and "cliques," either in politics or business, and will always fight them. 3d. Local self-government, the right of the majority to control their home affairs. 4th. "A free ballot and a fair count." 5th. Anti-class legislation of every description. Whenever a man will pledge his honor to carry out the above in good faith, and if at heart he means it, he is a good enough Republican for us, let him be called Democrat, anti-prohibitionist, greenbacker, independent or prohibitionist. That minute he declares to support the above he cannot act longer with the bourbon Democratic party therefore he becomes an "anti," and the people can trust him.

We understand that the liberals, anti-prohibitionists or independents are open advocates of all these principles and will go in and do everything in their power to give the colored man equal justice at the ballot box and in the courts.—They are in favor of their having the right when qualified to sit on juries, and in fact enjoy the rights of American citizens. Therefore the Republicans of the third district are in favor of a coalition, and will support an alliance with the independents, believing it to be to the best interest of all the people for them to take that course. We do not believe there will be a single voice in this district against the liberal movement in the state convention.

THE JURY QUESTION.

We are reliably informed that in the counties of Carteret, Onslow, Duplin Sampson and Pender, in this district, 60 per cent. of all the white men are left out of the jury box. Will the Democratic board of county commissioners of the above counties explain this very unjust discrimination. We can tell them now, once for all, that the question will be kept before the people until they will be forced to do their duty by the laboring white men as well as the colored men. This is a more important question than our readers may think. Just think that six out of every ten white men are excluded from the jury box, or are to-day denied one of the most important rights guaranteed to them by the constitution and laws of the state as well as the United States. We give these commissioners fair notice that they must come to it, and this very soon.

Alamance county has ten cotton factories in operation and five under construction.

COL. WM. JOHNSON AND HIS TRADUCERS.

The political course which it has pursued Col. Wm. Johnson, of Charlotte, of late to pursue, has filled many Democratic paper of North Carolina with virtuous indignation; much sharp, biting and censorious criticism has been indulged in with apparent serene complacency and self satisfaction; his name has been coupled and loaded down with vituperation and abuse, and the league of slander has been busy with his character; his every word and act has been tortured into high treason. And for why?

Col. Johnson has dared to entertain honest convictions and has had the manliness and independence to give voice to opinions that are shared in secret by a very large and respectable number of voters in this state; he has dared to entertain and express opinions at variance with those held and cherished by both Republican and Democratic parties, as illustrated by their action in our state and National Councils. Col. Johnson charges that the Democracy has been recreant to its trusts and false to its promises, nor doe the Colonel stop here, but proves his assertion by citing the action of the Democratic party when in control of both houses of congress. It had promised to redress wrongs, to suppress and right abuses and to introduce reform; in these it incontinently failed. It neither abolished nor at least modified the tariff, it did not abolish the odious test oath, it did not estop the pension frauds, it did not repeal the civil rights bill, it did not investigate the internal revenue service, it did not unearth the frauds and thefts with which the Treasury and Naval Departments reek and stink in the nostrils of honesty. That all this should be done, was promised the people when the Democratic party came into power. That it has signally failed to make good its promises, is known of all men, but Col. Johnson alone has dared to declare it and herald it in broad day. Is there any treason in this, does to declare a fact, which is patent, constitute one a sorehead, a disappointed, chronic office seeker, a broken down political hack? Yet all these vile, abusive epithets are applied to Col. Johnson, because forsooth, he has dared to see and proclaim these short-comings of Democracy. Such is the head and front of his offending.

Again, Col. Johnson opposes the present system of county governments and gives his reasons therefore, chiefly among which is that it is subversive of the great fundamental principle of local self-government, which underlies the very foundations and existance of our liberties. Under this system, he says, the county commissioners autocrats, not recognising or accounting any responsibility they may be supposed to owe to the will and wishes of the peple; in illustration of this, he recites the action of the county commissioners of Mecklenburg and other counties in the state, in refusing to grant license to retail spirituous liquors, after these same counties had repudiated the monster, prohibition, by unprecedented majorities. Because Col. Johnson entertains sentiments and opinions antagonistic and averse to the continuance of the present system of county governments, does it constitute him a disgraceful disgruntled sore-head, and disappointed, chronic office seeker? If it does, then North Carolina is most fortunately largely peopled with sore-heads and chronic office seekers. We believe, if like the question of prohibition, the question of the continuance of the present system of county governments could be divested of all political prejudice and could upon its abstract merits, as to right or wrong, be submitted to the free unbiased vote of the people, the present system would be rejected by a majority approximating and rivaling that which killed and buried prohibition last August. If this is treason, then make the most of it.

Col. Johnson further opposes both existing political parties because of the manifold abuses that have crept into the respective organizations; among them can be numbered "false promises, bad legislation, corrupt and extravagant party leaders, besides their modes of suppressing public sentiments by caucuses, packed conventions and invasion of popular rights." If a gentleman is to be hounded down by every little, petty penny-a-liner in the state, because he may have opinions of his own not in agreement or accord with those of some others, and dares express them, and if needs maintain them, then have we fallen upon evil times indeed, and the press, pandering to such disgraceful methods if not dishonoring itself, has sadly compromised its usefulness. Vituperation and abuse are not arguments, and those who put their trust in them as such, will sooner or later, in their recoil, be overwhelmed in confusion. The days of proscription for conscience or opinions sake are happily past and now find but little sympathy in the hearts of the better people of the land; that cause must be weak indeed that looks for an ally in the blistered tongue of slander. We are no apologist for Col. Johnson. We have yet to learn that he needs one. We know that there are many true and tried Democrats still alive, who in the troublous times of 1862, when the politicians stood upon a higher plane than he does in these degenerate days, were proud and esteemed it a privilege and honor to cast their vote for Col. Wm. Johnson for Governor of the State of North Carolina, though the honored Zebulon B. Vance was his successful competitor. The question is pertinent: What has Col. Johnson done since those days to forfeit the confidence, the respect and the esteem of the people now? If we differ with Col. Johnson now, let us assail his position with arguments, facts and figures; let us not condescend to molest and methods similar only to Billingsgate. Let us meet argument with argument, reason with reason, and where all are we accord as others that which we claim for ourselves, the right to entertain and express an opinion.—*Newbernian*.

Second Congressional District

MR. EDITOR:—Please allow me the privilege of presenting for the consideration of our second congressional district convention, the name of a gentleman every way worthy of the suffrages of the people for representation in congress for this district. I refer to Col. George T. Wasson, of Wayne county.

It is to the interest of the Republicans of this district that they be enabled to select a candidate whose known mental attainments, general information, correct principles and ability to defend those principles and to expose the errors and bad tendencies of the tenets and practices of our political opponents are unquestioned, and will readily be acknowledged. Not only should these be the qualities of our candidate, but also of the member of Congress.

This celebrated second congressional district was laid off by the Democratic legislature in order, among other things, to entrap the Republicans into the selection of some weak, illiterate, improper candidate, so that the party and its action here would be pointed to in disparagement, and thus endeavor to turn supporters away from it, here and elsewhere. But we have it in our power to thwart the "good intentions" of our o'er kind opponents, by selecting and electing gentlemen of standing, principle and ability sufficient to stand the very best test the Democracy can afford in open debate. And we assure you, sir, that the Republicans will willingly abide the test, if "all the intelligence" will, in the candidacy this year of Col. George T. Wasson.

Col. W. is a true and tried Republican, knowing what the principles of the party are. He is ever ready and able on all proper occasions, to promulgate and defend them against the insidious assaults of a wily and unscrupulous enemy as modern Democracy has ever shown itself to be to sound, wholesome, peace-procuring principles. As a lawyer, though young, he has already won his way to prominence. As an advocate, he has been singularly successful, even in most difficult cases. As a citizen he has been upright and exemplary, with a moral character without reproach. Well informed, a calm tempered and fluent speaker, a pleasant and argumentative debater, he is calculated to attract friends of a substantial character. Such a man as a representative of his race in the halls of legislation, would evidently contribute much to its standing and to its influence—unquestionably deserved. It is to the interest of that race to promote such men to prominent positions. And I am pleased to be able to coincide with the very frequent expression of sentiment I have heard, that Col. W. should be our next representative in congress. Having recently had occasion for a conference with Republicans of several counties of the district, I find his name so frequently and prominently suggested that I yielded to a persistent request to place it before the public through the medium of the press, that our friends throughout the district should know that public sentiment was rapidly crystalizing in behalf of so worthy a champion of our cause. The party in the district should, as it probably will, do itself the justice and him the honor, to unite on him as the "right man in the right place," by promptly awarding him with the nomination at its approaching convention.

A REPUBLICAN OF THE 2D DIS.

Protection for the Farmers.

While manufactures under the influence of our protective tariff have continually fallen in prices here—enormously fallen, varying from 250 to 400 per cent., the products of the farm have steadily advanced in price to a degree of from 300 to 400 per cent., making an aggregate difference to the profit of the farmer from the change that has been effected since 1816, from 550 to 800 per cent. Thus, judging from the past, it cannot fail to be observed by any that we can apply to it that a protective tariff does, logically and historically have the effect to reduce the prices of manufactured articles from year to year. It produces the great domestic competition: First, Studying the wants of the market. Second, With less cost of transportation, being near or home; and third, the great increase in domestic capital reducing rates of interest, lightening rates of taxation, seeking investments everywhere, and always developing new sources of national prosperity and new diversities of industry. Now, I say any free trade system of legislation, we need to break down these industries, if we do not inquire so as to insure that they can be maintained. If we deal restrictively with them, we destroy home competition, substitute for it foreign competition alone, with added cost of importation both ways, and with all the embarrassments of distant sources we diminish home competition, and send our wealth abroad to enrich foreign lands at the expense of our own. Agriculture will then, as in the past, bear its large share of the distress which comes with financial panics and prostrated industries.

From the day our forefathers framed the constitution to the present the doctrine that the tariff should serve to protect our industries has been maintained from that day to this, there has been a great party, and usually a triumphant party, maintaining this doctrine of protection to all the great interests of the United states.

Do you desire an ocean to lie forever between you and your supplies? Do you believe the Christian millennium has come, and that there never will be wars to interrupt our commerce with Europe? You dare not allow your country, in these interests which are indispensable to her independence, to fall into dependence upon foreign countries. To-day England's weakness lies in the fact that the bread necessary to feed her people must come across sea, and in case of naval war the interruptions of her communications would bring starvation to her people. Once already this fact has withheld her entering into war with Russia. She is chained in her international action by her dependence upon the Mediterranian and this shore of the Atlantic for her supplies of food. This matter concerns the independence of our county; it concerns the independence of north and south alike in the future, to have all the necessaries of life, manufactures as well as food products, produced in our midst and within reach of our hand.

Under direct taxation (the free traders substitute for a protective tariff) North Carolina's proportion will be about $7,000,000 annually, it is doubtful if under the present tariff her citizens pay $2,000,000. Senator Vance, Colonel Waddell and their free trade friends, propose allowing velvets, silks and all those expensive luxuries that are consumed only by the wealthy classes, to come in duty free, and to raise the revenue now paid by this class of goods by levying a direct tax on the land and stock of the farmers of the country, who now pay scarcely anything towards it (as they consume very few manfactured articles, being almost self supporting) the present tariff protects our farmers' wool, sugar, cotton, rice, flax, hemp, fruit, live stock, garden plants, corn, rye, oats, wheat, and the meal and flour made from the qualities of grain mentioned, all are protected; also peas, beans and other seeds of liguminous plants have to pay duty before they they can come in to compete with our farmers. Yet these free trade gentlemen, whose ideas of what working people need here have been gathered from books on political economy, dare to tell a North Carolina farmer that free trade is to his interest. Free trade will be to your interest, North Carolina farmer, when you and your wife wear imported broad cloth, velvet and silk, when you drink for your dinner "Widow Cliquot," or "Dry Roedrer," smoke Havana cigars, and wear imported kid gloves, but as city people almost exclusively do that, they pay the revenue, and not you, who will have to do so if free trade doctrine prevail in Congress. During the past twenty years the Democratic party has made many blunders but none greater than this free trade, break, with everything to gain and nothing to lose by protecting their industries, they have deliberately stabbed their section in its most vital part when it most needed their care and protection.

EX-REB.

BURGAW, N. C., May 27th, 1882.

Pursuant to a call of A. V. Horrell, Esq., chairman of the executive committee, a convention was held at Burgaw, Pender county, when the several townships were represented. The convention was called to order by the chairman A. V. Horrell, who stated the object of the call was to effect a thorough organization of the Republican party in Pender county, under the new plan of organization, adopted in 1880, and to elect delegates to the several conventions.

On motion the chair was empowered to appoint a committee consisting of one from each township on credentials. In the absence of said committee the convention was addressed by A. V. Horrell, Esq., Hon. W. E. Cowan, Wm. McIntire and others.

After said committee reported the convention proceeded to organize by electing a county executive committee, one from each township.

On motion A. V. Horrell was unanimously elected chairman and A. E. Taylor secretary of the county executive committee. After which delegates were elected as follower:

To state convention—A. V. Horrell and A. Gainberg; alternates, John A. Jones and A. Lloyd.

Congressional district convention—Wm. McIntire and George W. Carr; alternates, H. C. Lewis and E. J. Bell.

On motion the following preamble and resolutions were unanimously adopted:

WHEREAS, We believe that the time will soon come when North Carolina shall be redeemed from bourbon Democratic rule, and her government placed in the hands of the people; and

AND WHEREAS, It is the duty of all good citizens to unite in the consummation of so noble a purpose; therefore be it resolved,

1st. That the action of the bourbons in the last legislature in stealing the people their right to say who shall be county commissioners, magistrates, school commissioners, &c., is contrary to the spirit of the constitution of the United States and a gross imposition on the people who by their industry and labor add largely toward her increase in prosperity.

2nd. That we hail with delight the advent of this day, and rejoice in the fact that the working people, both white and colored, acknowledge that they, as citizens are one in interest, civil and political.

3rd. That we look with disdain on the pretenses of the leaders of the bourbon Democracy to befriend the common people of our state while they labor to make laws to increase the wealth of the rich and the poverty of the poor.

4th. That we denounce the method employed by the bourbon Democrats to defeat the will of the people at the polls, and pledge ourselves to use all lawful and honorable means to secure a full vote and count in this district for congressman and state and county officers.

5th. That we enter our solemn protest against a repetition of acts committed by the bourbon pollholders and challengers in the congressional district which resulted in defeat of Hon. W. P. Canaday our candidate for congress, and our state ticket.

6th. That our delegates are hereby instructed to vote for our W. P. Canaday for congress.

7th. That we heartily endorse the proposed alliance with liberal Democrats, who are in favor of a free ballot, a fair count, popular education and local self-government.

8th. That the proceedings of this convention be sent to the Wilmington Post for publication, with the request that Republican and independent papers copy.

A. V. HORRELL, Chairman.
A. E. TAYLOR, Secretary.

LINWOOD, Onslow Co., N. C.,
May 27th, 1882.

The Republicans of Swansboro township met in a mass meeting at 11:30 o'clock a. m., to elect delegates to the county convention.

On motion of L. J. Hawkins, James Laughlin was made permanent chairman, and M. P. Hawkins secretary. The meeting then went into the election of delegates; nine delegates were elected to represent the three voting precincts of Swansboro township in the county convention. Then Mr. P. W. Williams offered the following:

WHEREAS, W. P. Canaday has advocated the rights of all citizens of North Carolina, regardless of color or political principle, and his energetic mind and spirit knows no tire when his countrymen's liberties are at a wake; and whereas, his influence encircles the boundaries of this state and reaches beyond its limits; and whereas, we believe that with a free ballot and a fair count that he was fairly and justly elected as congressman of the third district in the last campaign, and we believe that he is still the choice of a large majority of the voters of said district. Therefore be it

Resolved, That the delegates from this township are hereby instructed to use their influence to secure the election of such delegates from the county convention to the congressional convention as will vote for the nomination of W. P. Canaday for congress, and protest against any other nomination.

The resolution was unanimously adopted. The meeting adjourned.

CAMERA, MOORE CO., N. C.

DEAR POST:—For the first time I have ever attempted to express my public sentiments by letter I please allow me space in your valuable paper to submit the following: I, although quite young in Republicanism, see and realize that we true hearted Republicans have been wrongfully and shamefully treated, (especially we colored men,) by men who have not the backbone to come out decided for one side or the other. I for one say away with such men in office—I have seen, not in this county, but in my own county (Cumberland,) men running for office asking and soliciting colored votes in the name of an independent candidate, and he himself would not vote our ticket only in part; for at that very election, we were running a colored man, who was fully decided, a true Republican, and he would not vote for him, and some others whom I had rather trust my political interest, two to one, than him. And I venture to say I will never support any more of that kind, and if I have an influence over but one person I will exert it in the same direction. It is no wonder that we are kept back in ignorance; we have opinned our faith to too many unstable office seekers. Why, Mr. Editor, you know that a real gentleman Democrat is more safe than that kind I just mentioned; and I would rather support one decided in his principle than one upon the fence ready to fall over on the victorious side.

I guess I have said enough for the first time, but far be it from all that is within me.

Very respectfully C. G. HOGANS.

Distressed No More.

ROSES MOORE,
Ex-Chief Fire Dept.

We believe that a very large majority of the voters in this state, of both parties, are opposed to the present system of county government, and if it were submitted at the polls a change would be demanded. The right of the people to elect their own county officers—commissioners and magistrates—should be restored to them.

The papers say that here and there in the state people are destroying fish by the use of dynamite.

According to the 10th census there is not a single Chinaman in North Carolina and but one Japanese.

PLAN OF ORGANIZATION.

Rules and Regulations for the Organization of the Republican Party of North Carolina:

We republish below the plan of organization adopted by the Republican State convention in 1880, which will have to be carried out during the present campaign, and the Republicans of the state will do well to study it so as to be able to carry it out.

I. County Organization.—The election precinct shall be the unit of county organization. Each precinct shall have an executive committee consisting of three active Republicans. They shall be biennially chosen by the Republican voters of the precinct, and shall elect one of their number chairman. They shall convene together at such time and place as the majority of them may elect. They shall biennially elect a county executive committee, to consist of not less than five members, who shall elect a chairman from their number. Vacancies in precinct committees shall be filled by the voters of the precinct, and in county committees by a convention of the precinct committees duly called: *Provided*, that in case a vacancy occurs within thirty days prior to an election, such vacancy may be filled by the vote of the remaining members.

II. Congressional, Judicial and Senatorial Districts.—There shall be a congressional, Judicial and Senatorial District committee, composed of not less than one member from each county, nor less than seven members, biennially elected by the several district conventions, each of whom shall elect a chairman from their number: *Provided*, that a senatorial district committee shall only be elected in districts embracing more than one county. Vacancies occurring within thirty days of an election may be filled by the vote of the committee.

III. State Executive committee.—There shall be a State Executive committee, composed of one member from each congressional District in the state, to be designated by the district delegations in State convention assembled; two members at large, to be elected by the State convention, and the chairman of the convention at which the election is held. They shall be biennially elected at the State convention, shall choose one of their number chairman, and shall elect a secretary who is not a member, who shall reside at Raleigh.

IV. The chairman of the respective county, district and State Executive committees shall call their conventions to order and act as temporary chairmen until a permanent organization is effected, with power only to appoint, and receive the report of, a committee on credentials.

V. No executive committee shall have power to elect or appoint delegates to any convention, whether county, district, State or National.

VI. No member of an executive committee or delegate or alternate duly chosen shall have power to delegate his trust or authority to another.

VII. Representation.—Representation in county conventions shall consist of three Republican voters as delegates, and three as alternates, from each precinct in the county, and no more.

VIII. Representation in congressional, Judicial, Senatorial and State conventions shall consist of two delegates and two alternates only, for every member of the lower House of the General Assembly and shall be apportioned in the several counties accordingly.

IX. Delegates and alternates to county conventions shall be elected only by a vote of the Republicans of each precinct in precinct meeting assembled; said delegates and alternates to district, State and National conventions shall be elected by a convention of delegates duly elected and sent by the people for that purpose after due notice and publication of not less than fifteen days, of the time, place and purpose of such convention, and not otherwise.

X. The certificate of the chairman and secretary of the meeting, setting forth regularity of the primary meeting or convention, and the election of the delegate and alternate thereat, shall be accepted, when concentered, as a good and sufficient credential for such delegate and alternate.

XI. This plan of organization and procedure shall continue in force until changed or abrogated by a subsequent Republican State convention.

Adopted in State convention, July 8, 1880.

REPUBLICAN COUNTY CONVENTION

In accordance with a notice issued by the chairman of the executive committee, the delegates from various precincts in the county assembled at the court house in Beaufort on 31st day of May, 1882. At 12 o'clock m, Mr W J Bushal, chairman, called the convention to order, briefly stating the object of the convention to be the election of delegates, according to the plan of organization, to attend state, district, judicial and senatorial conventions. Messrs H Murphy, Clifford Hancock, C R Scott, J Fisher, and S A Blount were appointed a committee on credentials. The convention received and adopted the report of the committee on credentials. Upon motion a committee consisting of one from each precinct as represented was appointed on permanent organization, who made the following report: For chairman, John T B Noe for secretary, S A Blount, who were unanimously elected for the permanent offices. Mr Noe, upon taking the chair extended thanks to the convention for the honor conferred and made a short and appropriate speech, reviewing in comparative terms the history and grand principles the Republican party with the bourbon rule of the past and present, fully assuring the convention that the prospects in Carteret county for the approaching campaign were bright in favor of our party, as there were many old and young men in this county whose eyes have been blinded by the prejudices of the Democratic party, but they had fully recovered their sight by the powers of Republican salve. Mr Thos. Duncan was made assistant secretary.

The following delegates were elected for state convention, C C Bell and S I Turnes; alternates, J T B Noe and Hubbard Bell: District convention, W J Bushall and S A Blount; Alternates, Munroe Mann and Fred Foster: Judicial, D S Weeks and Alex Jones: Alternates, C B Scott and J L Guthrie: Senatorial, Anson G Davis and Henry Elliott, Alternates, D L Mann and Frank Morton.

Upon motion, the following named persons were appointed alternates to attend the conventions: C L Dickinson, J T Avery, Alex Garner, A B Congleton, Moses Chadwick, William Brooks, J E Henry, A J Fulcher, L Bryan, William Dickinson, B J Noe, J B Jones, T W Ramsey, L Stephens, J L Gibble, J B Noe, David Mann, J Sanders, William Sampson, Jacob Bell, J Abbott, G W Roberts, P D Murphy, A J Willis, R D Hill, J Thomas, M J Davis, J L Lewis, Wallace Syron, Jos Lupton, L O Jones, W W Chadwick, Edward Hatch, D Rumley, Jas C Johnson, C Hancock, Samual Harker, Randolph Roberts, Reubin Willis, John Jones, Dennis Jones, Wm Fisher, A Davis.

The following resolutions, were unanimously adopted:

Resolved, That the Republicans of Carteret county, in convention assembled, recognizing the great importance to the people, of the approaching elections in this state, pledge themselves to stand shoulder to shoulder, in the great battle to be fought to regain our liberties, until the close of the polls on the first Tuesday in November, and that we will leave no honorable means untried to secure success.

2nd. That in the Hon W P Canaday, the Republicans of North Carolina have a true and tried friend, one whose fidelity to Republican principles cannot be impeached, and that in consideration of these and other good qualities and many hard battles he has fought for us, we endorse and recomend him for the nomination for congressman for this district at the convention at Elizabethtown June 8th, and pledge to him the hearty support of our party in Carteret county.

3rd. That we denounce the present system of county government, and call upon all liberty loving men to unite in one great effort to restore to the people the right of local self government.

4th. That we invite the young men of the county, as well as all liberal Democrats, to join with us in this effort to break down bourbon rule, and to secure for the laboring classes that consideration, which is their due—a fair and full recognition of every right guaranteed by the constitution and laws.

5th. That we recognize the justness of the claim made by the colored voters of this county, at a convention recently held by them, to a fair and equitable share of the Federal patronage in Carteret county, and usage upon those in authority an early compliance with so just a request.

The proceedings of the convention were ordered to be sent to the Carteret county Telephone and Wilmington Post for publication. The thanks of the convention were extended to the officers for a faithful discharge of their duties.

Upon motion of T Duncan, the following delegates (one from each precinct represented) were appointed by the convention as a committee for the ensuing year, viz: Hubbard Bell, J Fisher, T Duncan, F Willis, Jackson Johnson, C Hancock, W H Jones, C Hancock

Said committee then proceeded to an election of officers for the ensuing year with the following result. Thos Duncan was chosen chairman, Hubbard Bell, secretary, and F Willis treasurer, which selections were endorsed by the convention. Convention adjourned, *sine die*.

May 27th, 1882.

The Republicans of Richmond county assembled at Rockingham on Saturday, May 27th, pursuant to a call of the Republican executive committee, N. W. Harllee, chairman of the executive committee, called the convention to order.

Hon. O. J. Spears was elected permanent chairman. Mr. Spears upon taking the chair thanked the convention for the honor conferred, and addressed the convention in an able and patriotic speech.

Hon. O. Spears and N. W. Harllee were chosen delegates to attend the state convention; Mr. W. H. Woodard and E C Terry, alternates. The convention endorsed Hon R P Buxton for Superior Court Judge, and R H Norment for congressman in the sixth congressional district.

While the committees were out, the following gentlemen addressed the convention: H J Quick, E W Manship, H H Covington, C D Dockery, W H Woodard, W H Quick and J E McLean.

The following preamble and resolutions were introduced by Mr N W Harllee, and adopted by the convention:

WHEREAS, The Hon Oliver H Dockery has ever been a zealous advocate of the political and equal rights of all men before the law, in the protection of their persons and property;

AND WHEREAS, His honesty and integrity, and unceasing efforts for universal education and ever scrupulous and watchful of the best interests and welfare of all the people in the state while serving his people in the congress of the United States.

AND WHEREAS, His career has proven him to be a statesman and a patriot, and in positions of honor and trust which he has occupied he has ever reflected credit; instead of these positions honoring him, he has honored the position, presenting his reputation and character to his countrymen unblemished, and that his course in public, has been in accord with the fundamental principles of the great national Republican party in America; therefore, we the Republicans of Richmond county in convetion assembled, do present the name of the Hon O H Dockery as a suitable candidate for congressman for the state at large, and do hereby instruct the delegates appointed by this convention to be dilligent and honest in the use of all honorable means to secure his nomination by the Republican state convention, to assemble in the city of Raleigh on the 14th of June next,

Resolved, That we, the Republicans of Richmond county, do hereby declare our unswerving devotion to our grand old Republican party, and do pledge ourselves to the support of its candidates.

2d. That the Wilmington POST, the Raleigh *Times* and the Goldsboro *Star* be requested to publish the proceedings of this convention.

The convention adjourned *sine die*.

O. J. SPEARS, Chairman.
J. W. MCLAUCHLIN, Secretary.

Republican Convention.

There will be a convention of the Republican Party held at the court house, in the town of of Lamberton, on Saturday, June 3rd, 1882, at 12 o'clock, m., for the electin of delegates to the state convention, to be held in Raleigh on the 14th day of June, 1882; for the purpose of nominating a candidate for Congressman at large, Judge of Supreme Court and for the ratification of nominations made by the several Districts for Judge of Supreme Court. The different townships in the county will meet in convention at such places as the chairman of each shall designate, on the last Saturday in May, and elect three delegates and three alternates to the county convention, which will elect delgates to the state convention and perform such other works as may properly come before it.

In townships were there is no executive committee, the Republicans of the township may assemble in meeting and there elect an executive committee and choose delegates and alternates as above set forth.

E. K. PEARSON, Chairman.

Address of the Anti-prohibition Party of North Carolina.

To the People of North Carolina:

This committee, being the only body representing the organization of last year, formed to defeat the class legislation embodied in the prohibition act, do hereby call a mass convention of the liberal, independents of the state without regard to former political affiliations, to be held in the city of Raleigh on the 7th of June, to present to the people of the state a platform of principles, and candidates for the state officer to be filled in the coming November election.

In the opinion of this committee such action is right and proper, that those who honestly stood for the right thing, shall have the opportunity to ratify their action, by the adoption of principles and election of men opposed to the party organization which forced this unjust legislation upon them.

The leadership and methods of this orginazation, the channel through which it speaks to the people, and the spirit of dictation and abuse with which it attempts to drive into its support those choosing to act for themself, demands the presentation of this movement. A majority of the press of the state which supported this odious legislation of last year continues to misrepresent us. Our manhood and self respect requires us to rebuke once more this insulting minority, that it may learn to respect the people's rights and liberties.

In this movement principles are involved which should be cherished by every freeman, and it is our duty to see that they are protected against this intolerent spirit which strikes not only at the personal freedom of the citizen, but also at the principles of local self-government. The bitterness with which we were denounced last summer lives not alone on the tongues of defamers but has taken root deep down into their hearts.

Let us, then, rally again for our liberties and rights, assured by our past success of the hearty co-operation of more than one hundred thousand majority of our fellow citizens, in restoring to the people local self government, diffusing more generally education among the masses, purifying the ballot box and for ever settling the vexed question of restraining by law those voices which, in our judgement can best be corrected by moral sussion and religious organization.

WILLIAM JOHNSON, Chairman.
FRANCIS M. SORRELL, Secretary.

FAYETTEVILLE, N. C., May 6, '82.

At a meeting of the Republican executive committee of Cumberland county, steps were taken to organize the party throughout the county.

It was also agreed to hold a county convention on Thursday the 1st day of June, for the purpose of appointing delegates to the state and district conventions, which meet at Elizabethtown on the 8th, and at Raleigh on the 14th of June 1882.

An advertisement in your state papers.

It has most of the merits and none of the vices of the "traveling man," besides many advantages that are entirely its own.

It travels in all directions at once.

It visits you customers every week.

It interests them in you town, and in building up the general prosperity, while it is faithfully transacting your particular business.

It talks with thousands of tongues, and has the confidence of its hearers.

It doesn't get drunk.

It doesn't play faro.

It doesn't bring in any supplementary fancy bill of "expenses."

It requires no "commissions."

It doesn't swell round on the credit and name of your house.

It never gets mad and threatens to transfer its good will to a competitor in business or a rival town.

It never sets up in business for itself on the credit it has built up at your expense, or has artfully filched from you.

It doesn't add so much to your store expenses as to reduce to zero the margin you would like to offer good customers.

It doesn't cost you many thousands of dollars a year—at most only a very few hundred.

It brings your customers to you and makes them your personal friends.

The *Nebraskan* says the most laughable thing on record is, the Democrats of the state exulting over the results of the late municipal elections, claiming them as great victories and as evidences that "independecy" in this state is a myth.

WARNER'S SAFE KIDNEY & LIVER CURE

THE LEADING SCIENTISTS OF TODAY agree that most diseases are caused by disordered Kidneys or Liver. If, therefore, the Kidneys and Liver are kept in perfect order, perfect health will be the result. This truth has only been known a short time and for years people suffered great agony without being able to find relief. The discovery of Warner's Safe Kidney and Liver Cure marks a new era in the treatment of these troubles. Made from a simple tropical leaf of rare value, it contains just the elements necessary to nourish and invigorate both of these great organs, and safely restore and keep them in order. It is a POSITIVE remedy for all the diseases that cause pains in the lower part of the body—for Torpid Liver—Headache—Jaundice—Dizziness—Gravel—Fever—Ague—Malarial Fever, and all difficulties of the Kidneys, Liver and Urinary Organs.

It is an excellent and safe remedy for females during Pregnancy. It will control Menstruation and is invaluable for Leucorrhœa or Falling of the Womb.

As a Blood Purifier it is unequaled, for it cures the organs that make the blood.

This Remedy, which has done such wonders, is put up in the LARGEST SIZED BOTTLE of any medicine upon the market, and is sold by Druggists and all dealers at $1.25 per bottle. For Diabetes, inquire for WARNER'S SAFE DIABETES CURE. It is a POSITIVE REMEDY.

PROF. MOORE'S VALUABLE REMEDIES.

ANNOUNCEMENT TO MY FRIENDS.

WHAT I HAVE DONE AND AM DOING.

SEE CERTIFICATES BELOW.

PROF. WM. H. MOORE—Dear Sir.—This is to certify that I have been blind in both eyes for eighteen years, also subject to fits for the same length of time. I tried all the doctors around, and was never relieved of either of the complaints until Almighty God sent Prof. Wm. H. Moore to Tarboro. From the time he commenced working on me I commenced to get better, and now I have no fits at all, and can see as well as any one. I am well known in this county of Edgecombe.

MRS. ELIZABETH JOHNSON.
Witnesses: F. D. Battle, Anthony Johnson
Rev. W. H. Thorbor, Hon. W. P. Mabson
principal of colored free school.

Prof. W. H. Moore will soon take a trip through Pitt, Martin and Beaufort counties for the purpose of relieving the afflicted. All who desire to enjoy life should see or write him for his celebrated Medicine.

Address, Prof. W. H. MOORE,
Tarboro, N. C.

PROF. W. H. MOORE:

Dear Sir—I am well pleased with Ointment that I bought of you. It has cured my feet. I have been troubled for 10 years. I have not had rest until I tried your Ointment. I can't tell the worth of this Ointment. I tried every thing. Nothing cured but this.

Yours,
W. H. LOGGETT.

This is to certify the public generally, that the Liniment sold by Prof. W. H. Moore, under the name of O. K., is a good article, not only because the public has told me, but I have used it and it gave me permanent relief. I do cheerfully recommend it.

JULIUS F. JONES,
Sheriff of Carteret Co.

December 9th, 1881.

I have used Dr. Wm. H. Moore's O. K. Liniment, and I have found it good in every respect, not only because it was relieved me, but I can speak it has done for others, and is still doing. I heartily recommend it to all who are in possession of excruciating pains and also aches.

W. J. BUSHALL,
Mayor of Beaufort, N. C.

[Cure of bad case of Scrofula on the face.]

WILMINGTON, N. C., Feb. 10, 1881.

PROF. W. H. MOORE—Dear Sir.—I think it a duty I owe to you and my fellow creatures who are suffering, to make known the wonderful effects your medicines have had on me, having all who are troubled with a humor in their blood will give it a trial. I am confident from practical experience that if persons will follow the directions and give it a fair trial, that it will cure any one that has diseases of that character. I suffered with scrofula for 30 years the pain it gave me no mortal man knows. I was in agony all of the time. I used to think if God not me every remedy, and let any pass, that was the very one to cure me. But at last the angel appeared to your great medicine, and am most happy to state your medicine have done the work for me. It is the great blessing, and I am now as free from the diseases as I was before I was taken with it.

CRAVEN Co., Oct. 1st 31, 1881.

PROF. WM. H. MOORE—Dear sir.—This is what I have to say: I have been suffering with a very large sore on the back of my neck. I tried every thing I heard of, but in vain. It gave me no rest at all night. For 25 years I was in this condition. I could not even get on my knees to pray. I had to sit up in my chair. My owners, to whom I was a slave, tried every thing that was recommended, but found no relief. Afterwards they concluded it was incurable. Hearing of the new Dr. Wm. H. Moore, I thought I would try your remedy. I did so, and now I am happy to say I am cured of it all over. It has gone entirely and I am now well as ever.

MRS. ELIZABETH KENNEDY.
Witness: Phillip Williams, Irene Morgan.

PROF. W. H. MOORE, Tarboro, N. C. Aug. 2, 1881.

DEAR SIR.—I have been in bed for 12 months previous to that I got a good medicine to cure, one part cures three people. I purchased a box of you, which cured me and my family of bowel complaint in two days, and a great many of my neighbors have been cured from the same box in my knowledge.
